Subject: Re: Evidence of BOP Fraud involving Senator Slotkin's Name - Warden Rardin Audio Recording

I have already reported it to the OIG, DOJ and everyone else you might try to pass this off onto. Conrad is dying now. 'Timely' means hours, not months. Since you are now aware your office's name is being used to facilitate this torture, are you personally stating you will take no action to stop it?

Furthermore, please note that by referring me to the OIG, you have acknowledged receipt of the evidence that Warden Rardin is using Senator Slotkin's name to intimidate a witness. If any further retaliation occurs against my husband while the OIG processes this request, I will hold this office accountable for knowing about the danger and choosing to defer action.

I will update you in 48 hours.

Dear Ms. Rockenhaus,

Thank you for sharing this information with Senator Slotkin's office. I highly recommend that you provide this evidence to the U.S. Department of Justice's Office of Inspector General (OIG) directly. You are in the best position to answer any questions about the veracity and origin of the recording. You may report your concerns to https://oig.justice.gov/.

If you do not receive an answer from the OIG within a timely manner, please let me know and we can pursue an inquiry on your behalf.

Sincerely,

Gina Shireman
Constituent Services Director

Subject: Evidence of BOP Fraud involving Senator Slotkin's Name - Warden Rardin Audio Recording

Ms. Shireman:

Regarding your previous email claiming this office had resolved matters or was waiting on the BOP:

I have obtained audio evidence from inside FCI Milan that directly implicates Senator Slotkin's office in the Warden's obstruction of medical care.

In the recording, Warden Eric Rardin visits my husband's solitary confinement cell at 6:30 AM, not to provide medical aid for his seizing brain, but to cover his tracks.

At timestamp 0:30, Conrad documents how Warden Rardin explicitly states:
"I got a call from [E]lissa Slotkin."

He then proceeds to gaslight my husband, claiming he had not signed medical releases. The audio proves my husband verbally confirmed he had already signed "five of them" and agreed to sign them again immediately.

This evidence proves two things:

The BOP lied to your office: The "Response from the BOP" you attached on Nov 20 (claiming he refused to sign) was a fabrication. He signed them. They withheld the records because they prove the USMS caused a Traumatic Brain Injury.

The BOP is using the Senator's name to intimidate a witness: Warden Rardin used the Senator's inquiry not to ensure care, but to rush to the cell and pressure a brain-damaged veteran before breakfast.

The Question for the Senator: Did Senator Slotkin intend for her inquiry to be used by Warden Rardin to harass a dying veteran at dawn? Or was your office lied to by the Bureau of Prisons just as I was?

The BOP used the Senator's credibility to shield their liability. Here is the proof.

AUDIO EVIDENCE: https://www.youtube.com/watch?v=2SdLE3WMN8o

I expect an immediate correction of the record and a referral of this specific incident, Warden Rardin lying about the Senator's inquiry, to the OIG immediately.

Thank you,
