Ms. Shireman,

To assist your inquiry, you will encounter a discrepancy between the **Sanitized Court Record** (created by a coerced plea and ineffective counsel) and the **Objective Reality** (documented in internal government reports).

Here is the "Rosetta Stone" to understand what you are looking at:

The "Official" Court Record (Sanitized)	The Objective Reality (Internal Govt. Docs)
"Triggered during arrest" *(Sentencing Tr. p.11)* Link to Transcript	**"Tactical Breach" & "Use of Force"** *(USMS FOIA Report, Exhibit D)* Link to Report
"Absconder" / "Unknown Whereabouts" *(Warrant Petition, April 29)* Link to Warrant	**"VA Hospitalization"** *(Probation Text Logs, Feb 20-Mar 1)* Link to Text Evidence
"Stable Employment" *(Gov. Sentencing Memo)* Link to Memo	**"Seized Work Devices"** *(Probation Seizure Log, Aug 13)* Link to Seizure Log
"Speculative Retaliation" *(AUSA Lambert Appeal Brief)* Link to Brief	**"Whistleblower Retaliation"** *(Defense Reply Brief, citing p.14)* Link to Reply Brief

The Justification for Violence: Fabricated "Felony History"

Most critically, do not rely on the sanitized transcript.

You must demand the **USMS "Use of Force" Report (Incident 25-13861)** because it contains a fabricated justification for the raid.

Using the U.S. Marshals Service's own internal documents, through a Freedom of Information Act request, this filing transmuted their bureaucracy into a confession. Their own records admitted to a **"Tactical Breach"** and **"Use of Force"** during the violent September 4th raid that caused Conrad's head injury, and proved their long-standing knowledge of his TBI since 2019, confirming their deliberate indifference.

Here are all the videos of the illegal raid: https://www.youtube.com/@AdrienneRockenhaus

Furthermore, the declaration exposed their institutional dishonesty by juxtaposing their official report from the May 5th raid (which brazenly claimed the arrest was **"without incident"**) with the irrefutable photographic evidence of officers holding the couple at gunpoint. This was the moment the government was forced to testify against itself, proving not only its violence and indifference but a clear pattern of lying to the court and the public.

On page 11 of this official report, the U.S. Marshals Service falsely claims Conrad Rockenhaus has the following felony history:

- **Burglary/Larceny/Theft:** 1 Arrest, 1 Conviction

- **Forgery/Fraud:** 4 Arrests, 3 Convictions

These are lies. Conrad Rockenhaus has **0 such convictions**. This false history appears to be a malicious exaggeration of a single, dismissed charge for a bad check from many years ago, fabricated to justify the use of excessive force against a disabled veteran.

Demand the USMS "Use of Force" Report (Incident 25-13861) and the BOP Medical Care Level Classification. These internal documents tell the truth that the court record hides.

The attached exhibits undeniably demonstrate that U.S. Marshal Brett Fimbinger engaged in illegal "judge shopping" to circumvent Fourth Amendment protections. Although the underlying case involved a federal supervised release violation under the jurisdiction of the Eastern District of Michigan, Fimbinger bypassed the required oversight of a federal magistrate.

Instead, he secured a search warrant from a state judge in Lenawee County to authorize the breach of my home.

This calculated maneuver allowed the Marshals to utilize a "secret" state warrant to raid a federal witness just days after I filed a sexual harassment lawsuit against a member of their team, avoiding the scrutiny a federal court would have applied to such a request. The lack of proper authority is further confirmed by video evidence in which

Marshal Fimbinger explicitly admits at the scene that he has "no hard warrant" to present to me. You can view the footage of this admission here: https://rockenhaus.com/caught-on-tape-u-s-marshal-brett-fimbinger-admits-no-hard-warrant-during-retaliatory-raid-detroit-michigan/

Please also review the audio evidence recorded directly from the SHU at FCI Milan, in which Conrad explicitly identifies the neo-nazi officers abusing him (covered in bruises) and confirms the severe medical neglect he is enduring. I have uploaded the full recording to YouTube, which you can listen to here: https://www.youtube.com/watch?v=mTKXvtzyzPw, and I have also published a detailed report regarding these revelations on my website: https://rockenhaus.com/audio-evidence-conrad-rockenhaus-calls-from-fci-milan-shu-names-neo-nazi-guards-exposes-violence-chemical-restraint-medical-neglect/. Please find the generated transcript of this call attached to this email for your records.

I must also draw your attention to the U.S. Marshal identified in court filings as "John Doe #1", known as "The Grey Beard", who I am currently suing for sexual harassment after he showed my handcuffed husband sexually explicit messages about my body during a prisoner transport. Instead of being removed from my case, this same Marshal returned to my sanctuary home on September 4, 2025,for the violent, retaliatory raid.

Video evidence confirms that he pointed a gun directly at my face through my bedroom window and physically trapped me inside the residence, forcing me to listen helplessly while his team beat my husband unconscious in the driveway. This was not law enforcement; it was an act of terror designed to silence a whistleblower. You can view the video footage of his actions here: https://www.youtube.com/watch?v=nKRn11SZYoA (pointing gun in my face) and here: https://www.youtube.com/watch?v=DnGDdGYQHfU (holding me prisoner while my husband is beaten unconscious).

Please read the full report on his conduct here: https://rockenhaus.com/who-is-the-grey-beard-the-u-s-marshal-who-used-sexual-harassment-and-violence-to-terrorize-a-disabled-veterans-wife/.

Thanks, Adrienne Rockenhaus
